

Name	Theresa Goodwin
Role(s)	Assistant Competition Officer
How did I get involved in Twirling	I caught the twirling bug from my cousin at three years old! I have been a coach and judge for over 15 years and Assistant Competition Officer for almost 10 years.
Most memorable twirling occasion	Twirling has given me so many opportunities to meet all kinds of people, building lasting friendships around the country and some great memories! I've had great fun travelling with the National Squad, but the most memorable has to be running the World Championships in Nottingham in 2014 and being present to witness the first straight 10 performance from Keisuke Komada.
Interesting fact about me	Last year I completed a 660-metre zip wire across the top of the Eden Project. Now I want to do the zip wire across Niagara Falls!
